Re: The Memorial on the Jewish pogroms in Ukraine during the years 1917-1920

On behalf of the Jewish community Lucerne in Switzerland, we thank, appreciate and strengthening your work, by exposure your amazing work, of the pogroms at the Ukraine Jews, in the years 1917-1920 during the First World War and Civil War.

As we are proud of your holly work, as we think it is very important for the discovery and publication the history about the murder, horror and evil, made by the Russian Empire, during the First World War and Civil War years 1917-1920, which was not known and revile at the history books, until you discover it.

Exposing the truth and the facts about the Ukraine Jews at the last decade, is very important to bring the real facts and what happened to the small Jewish communities in Ukraine, even at year 1905, and later years 1917 – 1920. We think that, all the Jewish people should know it, and particular to expose it to the entire world, in order to teach and expose the facts about the Jewish history.

We support, appreciate, and cherish your extraordinary investigation in order to expose the Pogrom history , which happened to the Jewish people in Ukraine and at the diaspora that Ukrainian leaders try to hide. It is also important to support your holly work in order to mention and to raise the souls of innocent Jews, men, women and children, who murdered, only because of their believe and religion. By exposing and remember the past so far by you, we must remember and remind the whole world that, 'a nation without PAST, cannot be able to exist in the FUTURE...'

Well done and good success at your amazing and holly work.

Yours sincerely
